Reference: Your shrinkage machine for wovens - 2007

After the installation, the start-up and the first working months of the above mentioned machine that was delivered by Your Company, it is the right time to give our appreciation for Your machine.

*We are running an absolutely up-dated machine on the point of view of technology, efficiency, output, quality of results, reliability and safety.
Your team has always collaborated with the maximum availability and usual preparation and skillness in all the stage of installation, setting-up, starting and training included.*

We would like to confirm that our long friendship hasn't at all influenced our judgment on Your supply which guarantees the standards of finished products that were determined by us and the judgement is purely based on the achievement of those results.

We are glad to admit our satisfaction increased to the fact to have selected a machine "made in Italy"

Yours faithfully,

SIFTA S.p.A.
